### Notice of Stopping Production about Microfocus X-ray Source G-511VL-DL

Thank you for using Canon ANELVA products.

About high-definition machine G-511VL-DL in the microfocus X-ray source series product lineup, customer demand is very low and we are unable to maintain our own production system and efficiency, so production had been stopped in the end of July 2022.

Production of the high-definition machine G-511VL-D (Standard Type) will continue as usual.

We will continue to strive to improve the reliability of our products, so we appreciate your continued patronage.
