

Our Response to the New Coronavirus (COVID-19)

We would like to express our sincere sympathy to all those affected by the new coronavirus and those involved. On May 25, the Declaration of a State of Emergency has been lifted in all prefectures. Canon Anelva resumed normal operations from June 1. Canon Anelva will continue to give priority to the health and safety of our customers, employees and their families in response to the new type of coronavirus considering the ever-changing infection situation, and continue to implement flexible responses under the guidance of the Japanese government and local governments.

1. Basic response

Headquarters (Kurigi Office), Fuji Office, and our domestic service bases are working to ensure the safety of customers and employees, and to prevent infection.

- Shift duty for off-peak commuting
- Thorough cough etiquette and hand washing with alcohol disinfectant
- Reducing the number of participants in meetings
- Promoting the use of video conferencing and remote working

2. Policy regarding travel to overseas

We judge it based on the infectious disease risk level that Ministry of Foreign Affairs establishes.

3. About our sponsored events

In principle, such events will be canceled in order to prioritize our customers' health and safety.

Please note that this response may be revised according to changes in the situation.

We apologize for the inconvenience to our customers and business partners, and we ask for your understanding.
